Experience

03.16 - current

LinkedIn

Senior UI Engineer

11.08 - current

Freelance

Graphic Designer and Web Developer

Work with a variety of clients designing and developing branding, online, marketing and promotional materials.

11.14 - 03.16

LinkedIn

Web Developer

04.12 - 10.14

GoHealth Insurance

Web Developer

Rapidly prototype new features and applications, with a focus on the client side using a variety of languages and frameworks (PHP, Ruby, NodeJS, knockout, angular, JSTL, etc.). Utilize the Agile methodology to develop and communicate efficiently with team members. Constantly refactor, optimize, improve scalability and usability, split-test, and target analytics. Expand and enhance skillset through pair programming, collaboration and learning sessions with fellow employees. Provide mentorship for Junior Developers.

01.11 - 04.12

Andrew Lehman Design

Web Designer & Developer

Worked with a variety of clients designing and developing websites and email marketing campaigns. I also managed all print design needs.

04.07 - 10.08

Minnesota State University, Mankato

Graphic Design Specialist

Worked directly with clients designing print materials from conception through production. I also worked directly with the in-house press operators.
